Preston W. Small (Mr. Small), by his attorney, hereby seeks leave to supplement his October 29, 2003 *Complaint and Request for Investigation* with subsequently uncovered information concerning Mr. Lipp's use of political influence in the captioned restricted proceeding. In support whereof, the following is respectfully submitted:

1) Mr. Small's October 29, 2003 *Complaint and Request for Investigation* demonstrates that Mr. Lipp, counsel to Mr. Small's opponents in the captioned restricted proceeding, procured the assistance of a United States Senator for the purpose of making the Commission's decision in this case a matter of political pressure rather than one of fact and law. Since that time we have uncovered additional information which throws additional light on Mr. Lipp's inexcusable attempt to bring improper political influence to bear in the instant proceeding. Because the information presented herein provides additional, recently uncovered information regarding the opponents' use of improper political influence in a restricted proceeding, consideration of the information presented here would serve the public interest.

2) Mr. Small's October 29, 2003 *Complaint and Request for Investigation* demonstrates that Mr. Lipp is legal counsel to the six broadcast stations discussed in Senator Shelby's October 8, 2003 *ex parte* letter; Mr. Lipp also represents Mr. Small's opponent in the captioned restricted proceeding. The Senator's letter does not disclose who contacted him and, as discussed in Mr. Small's October 29, 2003 *Complaint and Request for Investigation*, the only rational inference which can be gleaned from the known facts is that Mr. Lipp improperly solicited the Senator's assistance to try to bring improper political influence to bear in the captioned restricted proceeding for the benefit of his clients, including WNNX LICO, Inc. and Susquehanna Broadcasting Company.

3) Based upon the receipt of information the undersigned conducted a review of the public campaign financial records maintained by the Federal Election Commission. The information which the undersigned uncovered from the FEC's campaign finance files is extremely disturbing.

4) By way of background, Mr. Lipp's May 29, 2003 *Notice of Counsel's Change of Address* filed in the captioned proceeding notified the Commission that Mr. Lipp had become associated with the law firm of Vinson & Elkins. Mr. Lipp's notice was filed shortly after the Commission's May 20, 2003 determination in MM Docket 01-104 that his client, Radio South, Inc. would not be permitted to construct an improvement to its facilities until final resolution of the captioned restricted proceeding. *See Auburn, Northport, Tuscaloosa, Camp Hill, Gardendale, Homewood, Birmingham, Dadeville, Orrville, Goodwater, Pine Level, Jemison, and Thomaston, AL*, 18 FCC Rcd. 10333 ¶ 21 (Aud. Div. 2003).¹

5) Attachment 1 hereto is a listing of the names of the 300 individual contributors to a Political Action Committee (PAC) which is named, inappropriately it turns out, the "National Good Government Fund." Attachment 1 hereto discloses that each of the 300 individual contributors to the fund are attorneys at Vinson & Elkins, including Mr. Lipp who contributed to the PAC on July 14, 2003 shortly after the Commission released its May 20, 2003 decision in MM Docket No. 01-104 and less than three months before Senator Shelby delivered his *ex parte* letter to the Commission in the captioned restricted proceeding.² The information uncovered from the FEC's files reveals that the National Good Government Fund PAC was established by and for Vinson & Elkins' attorneys.

6) Attachment 2 hereto are copies of various pages from the FEC's "Committees and Candidates Supported/Opposed" files for Vinson & Elkins/National Good Government Fund. Attachment 2 reveals that Vinson & Elkins/National Good Government Fund has contributed a total of \$3,000 directly to Senator Shelby since 1997. Attachment 2 also reveals that Vinson &

¹ It was not until the recent researching of the instant improper political influence matter that the undersigned understood that Mr. Lipp also represents the six call signs discussed in Senator Shelby's October 8, 2003 *ex parte* letter.

² Mr. Lipp's contribution to the PAC is somewhat irrelevant because, as discussed below, Mr. Lipp's law firm had long established financial ties to Senator Shelby.

Elkins/National Good Government Fund has contributed to various PACs which, in turn, have contributed to Senator Shelby's political campaigns, as follows: New Republican Majority Fund has received \$10,000 from Vinson & Elkins since 1997, with a \$5,000 payment being made in August 2002;³ the Republican National Committee—\$30,000 since 1998;⁴ and The Bond Market Association Political Action Committee—\$1,000 in early 2003.⁵ Without conducting an audit of each of the various channels of contributions which may exist, the information presented herein allows one to trace the flow of approximately \$35,000⁶ from Vinson & Elkins, and PACs they support, directly to Senator Shelby. It seems probable that a person with experience in tracing money flows to political campaigns would find other financial ties between Mr. Lipp's law firm and Senator Shelby.

7) Mr. Small's October 29, 2003 *Complaint and Request for Investigation* presents a disturbing picture of a lawyer and his client who are attempting to influence the decision making in this case from behind the scenes by injecting the political influence of a United States Senator into the proceeding. As if that circumstance did not reek bad enough standing alone, the FEC's financial disclosure records reveal that Vinson & Elkins have been long time financial contributors to Senator Shelby, making both direct and indirect financial contributions to the Senator. It is now abundantly clear that not only have Mr. Small's opponents brought in political weight to support their cause in

³ Exhibit 3 reveals that the New Republican Majority Fund has contributed \$15,000 to Senator Shelby since 1997, with a \$5,000 payment being made in March 2003.

⁴ Exhibit 4 reveals that the Republican National Committee has contributed more than \$260,000 to the Alabama Republican Party which in turn has contributed approximately \$6,000 to Senator Shelby.

⁵ Exhibit 5 shows that The Bond Market Association Political Action Committee has contributed \$11,000 to Senator Shelby since 1997, with \$9,000 of that amount being paid during the 2003 calendar year.

⁶ \$3,000 directly from Vinson & Elkins/National Good Government Fund; \$15,000 from the New Republican Majority Fund; approximately \$6,000 from the Alabama Republican Party via the Republican National Committee; and \$11,000 from The Bond Market Association Political Action Committee.

the captioned restricted proceeding, the law firm Mr. Small is opposing has made significant financial contributions to the Senator over a number of years. Mr. Lipp's and Vinson & Elkins' trading on the access it has gained to the Senator through political contributions to try to influence the decision in the captioned restricted proceeding is grotesque and demonstrates the antithesis of a "National Good Government" objective implied by the law firm's PAC's name.⁷

8) Discussing matters of public policy with a congressional representative is one thing, one might even think that obtaining access to a national representative because of political contributions is "good government." However, Mr. Lipp's solicitation of political lobbying in this restricted proceeding has no place and Mr. Lipp knows that else he would not have tried to hide himself from public view. Mr. Lipp's and WNNX/Susquehanna's use of the Senator as a litigation tool in this proceeding is outrageous and the Commission must determine that the activity reflects adversely upon WNNX/Susquehanna and that their effort to corrupt this restricted proceeding is disqualifying.

⁷ Again, it is assumed that Senator Shelby was not advised that he was being asked to participate in a restricted proceeding. As previously stated, the Senator relies upon those who come to him to be candid and to let him know what kind of can he is being asked to open. In this case Mr. Lipp and Vinson & Elkins handed the Senator a can of worms. If the Senator, or Mr. Lipp, or Vinson & Elkins, were to come forward to state that the Senator assumed a role in this restricted proceeding with full knowledge that he was being asked to exert *ex parte* political influence in a restricted proceeding, reassessment would be in order. Absent that damaging, and highly improbable, disclosure, in addition to procuring an *ex parte* presentation, in addition to injecting gross political influence into a restricted proceeding while hiding in the back ground, in addition to lacking candor because Mr. Lipp had knowledge of the Senator's *ex parte* letter, it seems that Mr. Lipp failed to disclose pertinent information to Senator Shelby and that he lacked candor with that public official.
